

BRADLEY DEMOLITION

Company Vehicles Policy

Bradley Demolition LTD runs a fleet of vehicles, generally as a means of conducting its business. It is essential that these vehicles are seen as an extension of the professional image of the Company.

All staff using company vehicles for company business must ensure (agree) that they abide by the Highway Code, and in particular observe all speed limits.

Always drive carefully during company time, stop if you feel tired or unwell.
Mobile phones should be switched off while driving, catch up on messages / use Mobile Phones when stopped only.
Vehicles fitted with hand free kits are permitted to use the phone.

Vehicle Safety

All Vans / Lorries / Plant must be kept properly maintained and presentable at all times.

Bradley Demolition LTD operatives must ensure that the vehicle they are using is in proper working order (Tyres, lights etc) before taking to the road, any defects must be reported to management who will arrange immediate action to remedy any faults.

Drivers are required to regularly check oil, water and tyre pressure levels in accordance with the vehicle manual and company vehicle handbook to present their vehicle for servicing at the required mileage.
