

BRADLEY DEMOLITION

Quality Policy Statement

It is the Company's policy to provide products and services in accordance with the requirements of [ISO 9001:2015](#) and with the customer's requirements.

The policy will be implemented through a series of documented quality procedures and training programmes to ensure all personnel are competent and have a thorough understanding of their responsibilities. The policy is subject to continuous improvements and to review during the Company's annual Management Review Meetings to ensure that our organisational goals continue to meet the current and future anticipated needs of our Customers. Copies of the Quality Policy and associated procedures are made available at all locations which are relevant to the tasks being performed.

The Quality System demonstrates through objective evidence, conformance with customers' requirements, and provides the necessary information to improve quality, costs and service performance. To ensure that the system is efficiently implemented, consideration is given at regular meetings to required resources for equipment, materials and personnel.

The Company's manager(s) are committed to the achievement and maintenance of a high standard of service, and the provision of quality products, and are aware that this is not possible without the whole-hearted co-operation of all personnel.

This policy is fully authorised by the Company's Director(s).

The persons responsible for this section of the policy are the Managing Group.
