

BRADLEY DEMOLITION

Safe Use of Machinery Policy

The Company commits to ensure that all plant tools and equipment comply with the [Provision and Use of Work Equipment Regulations 1998](#) as amended and [The Electricity at Work Regulations 1989](#). All machinery must have efficient stopping and starting appliances, conveniently positioned, and be properly guarded. It must have clear and unobstructed space; the surrounding floor must be maintained in good condition, free of loose material and must not be allowed to become slippery. Lighting at machinery must be adequate.

The persons responsible for this section of the policy are the Managing Group.
